Hi Liz,

Any chance you can send the actual sample results from that sampling event.

Thanks,

Dennis

Steve

Attached is the invoice for all analytical charges for our project for Big Country Storage. There will be no more lab charges for this project as all samples initial, after excavation and disposal has been met. All invoices from Energy Lab have been included with the invoice for your records. Also Coleman Const will be excavating the final area, and hauling off material and brining in new material starting 8-3-2021. I am in hopes of completion later this month for this project. Thank You
